E41A - 4MP Quad HD Camera

720P
Standard Security Camera

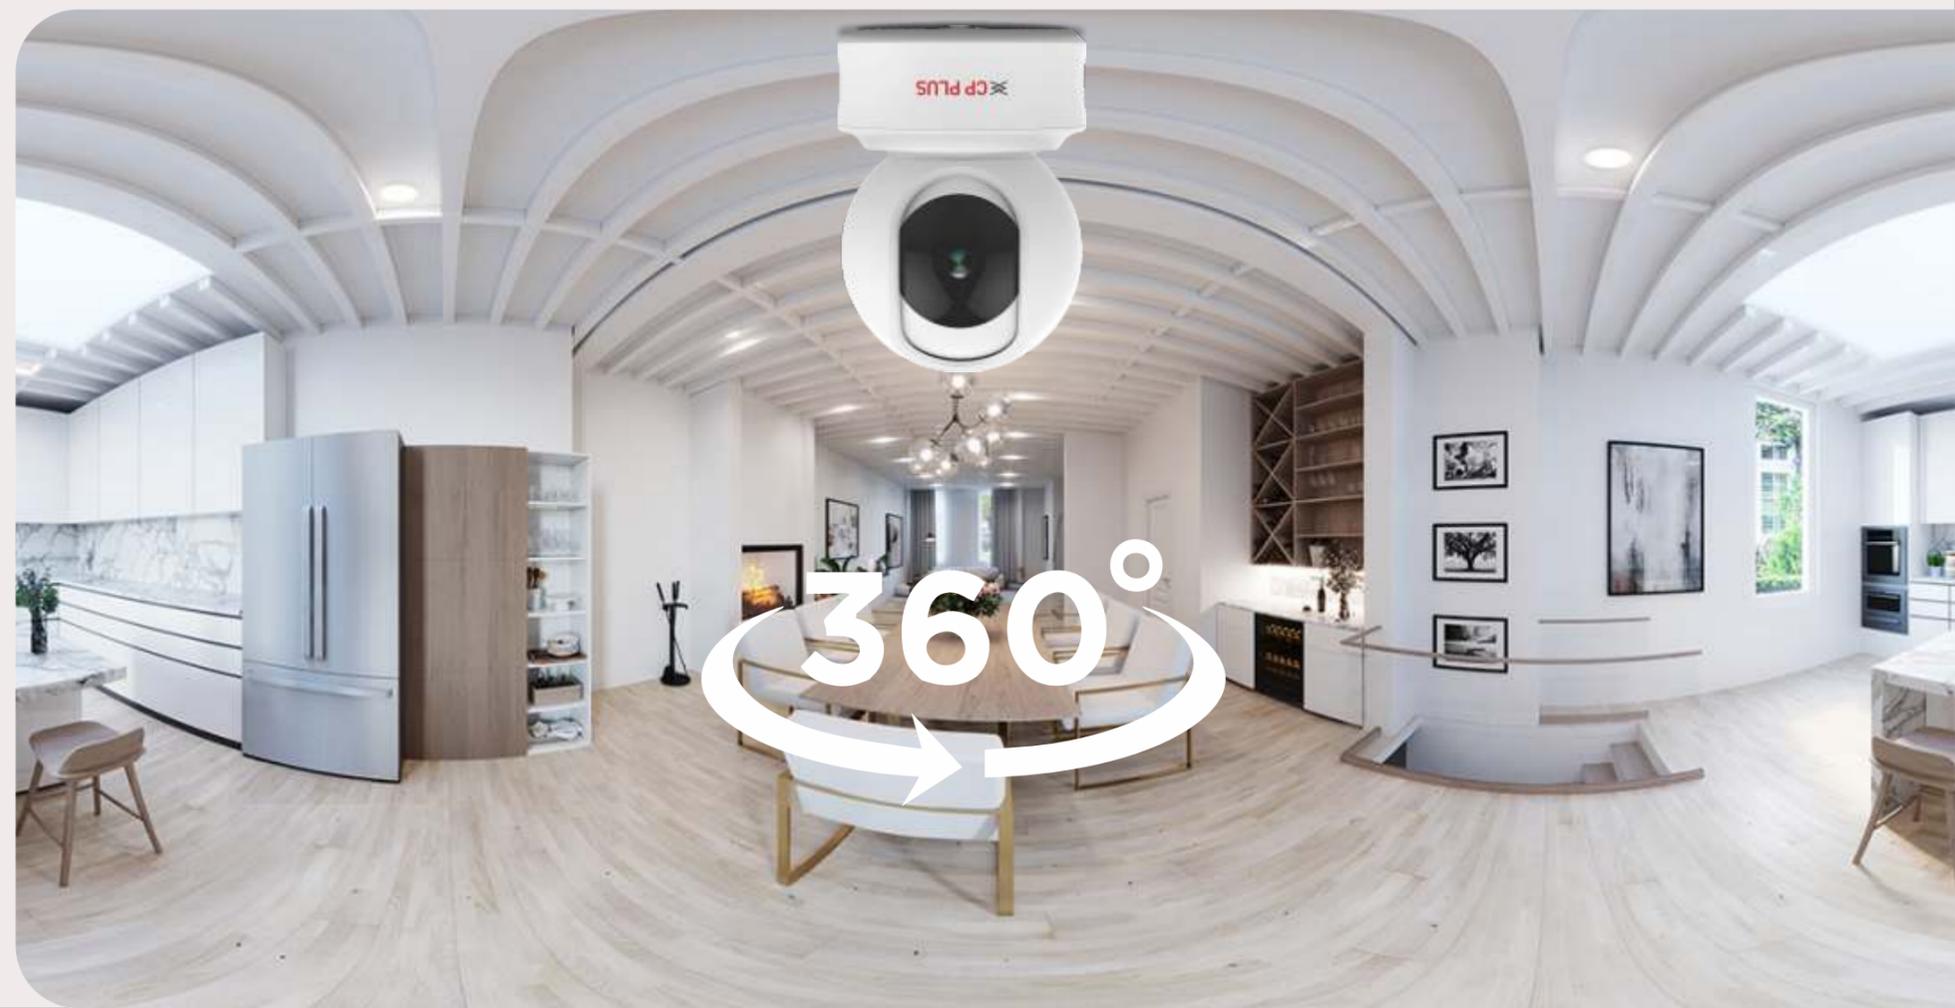

4MP
Using the CP Plus Ezykam+ Camera 360°

4MP Quad HD Camera

Designed to represent an enhanced picture quality in full HD video so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

360° View

The camera rotates full 360°, making it convenient for you to view the room from every angle and keep an eye all over the place even when you are away from home.

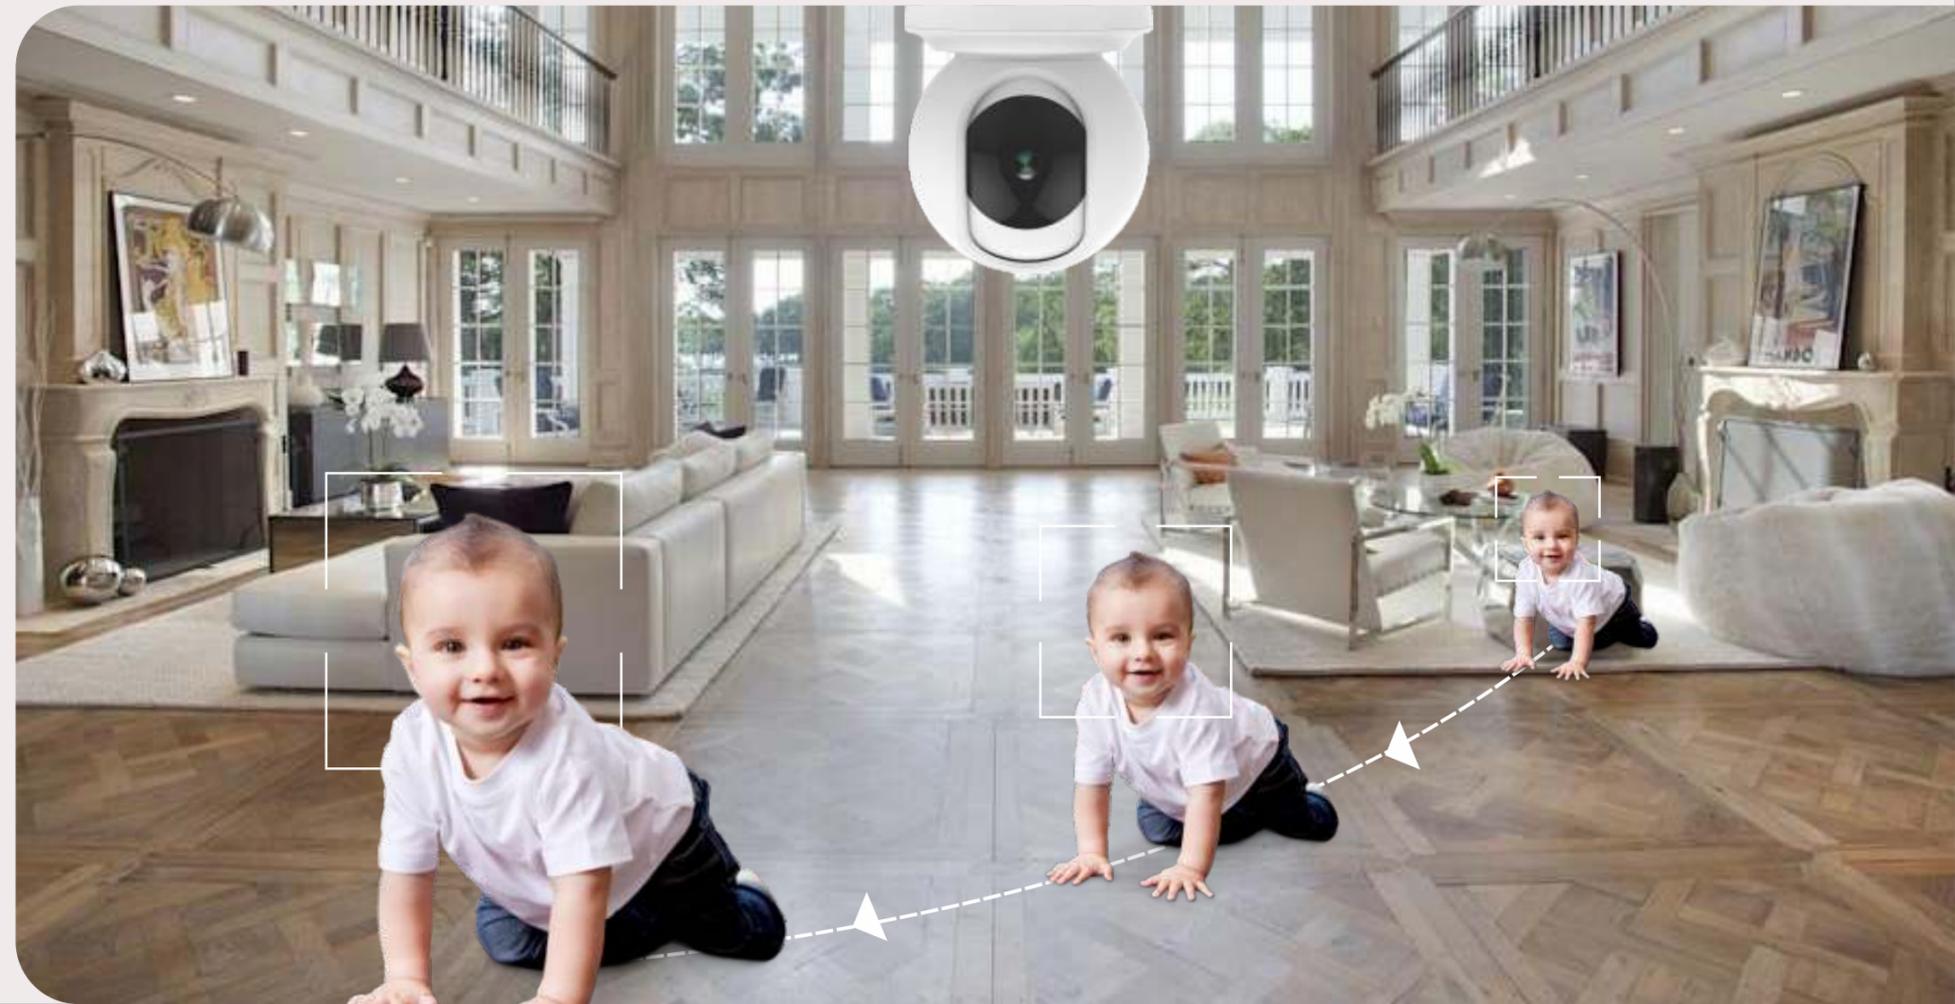

Motion Detection Alerts

This camera detects movements in the video frame and send alerts in real-time to always keep you notified about what's happening at home.

Supports Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

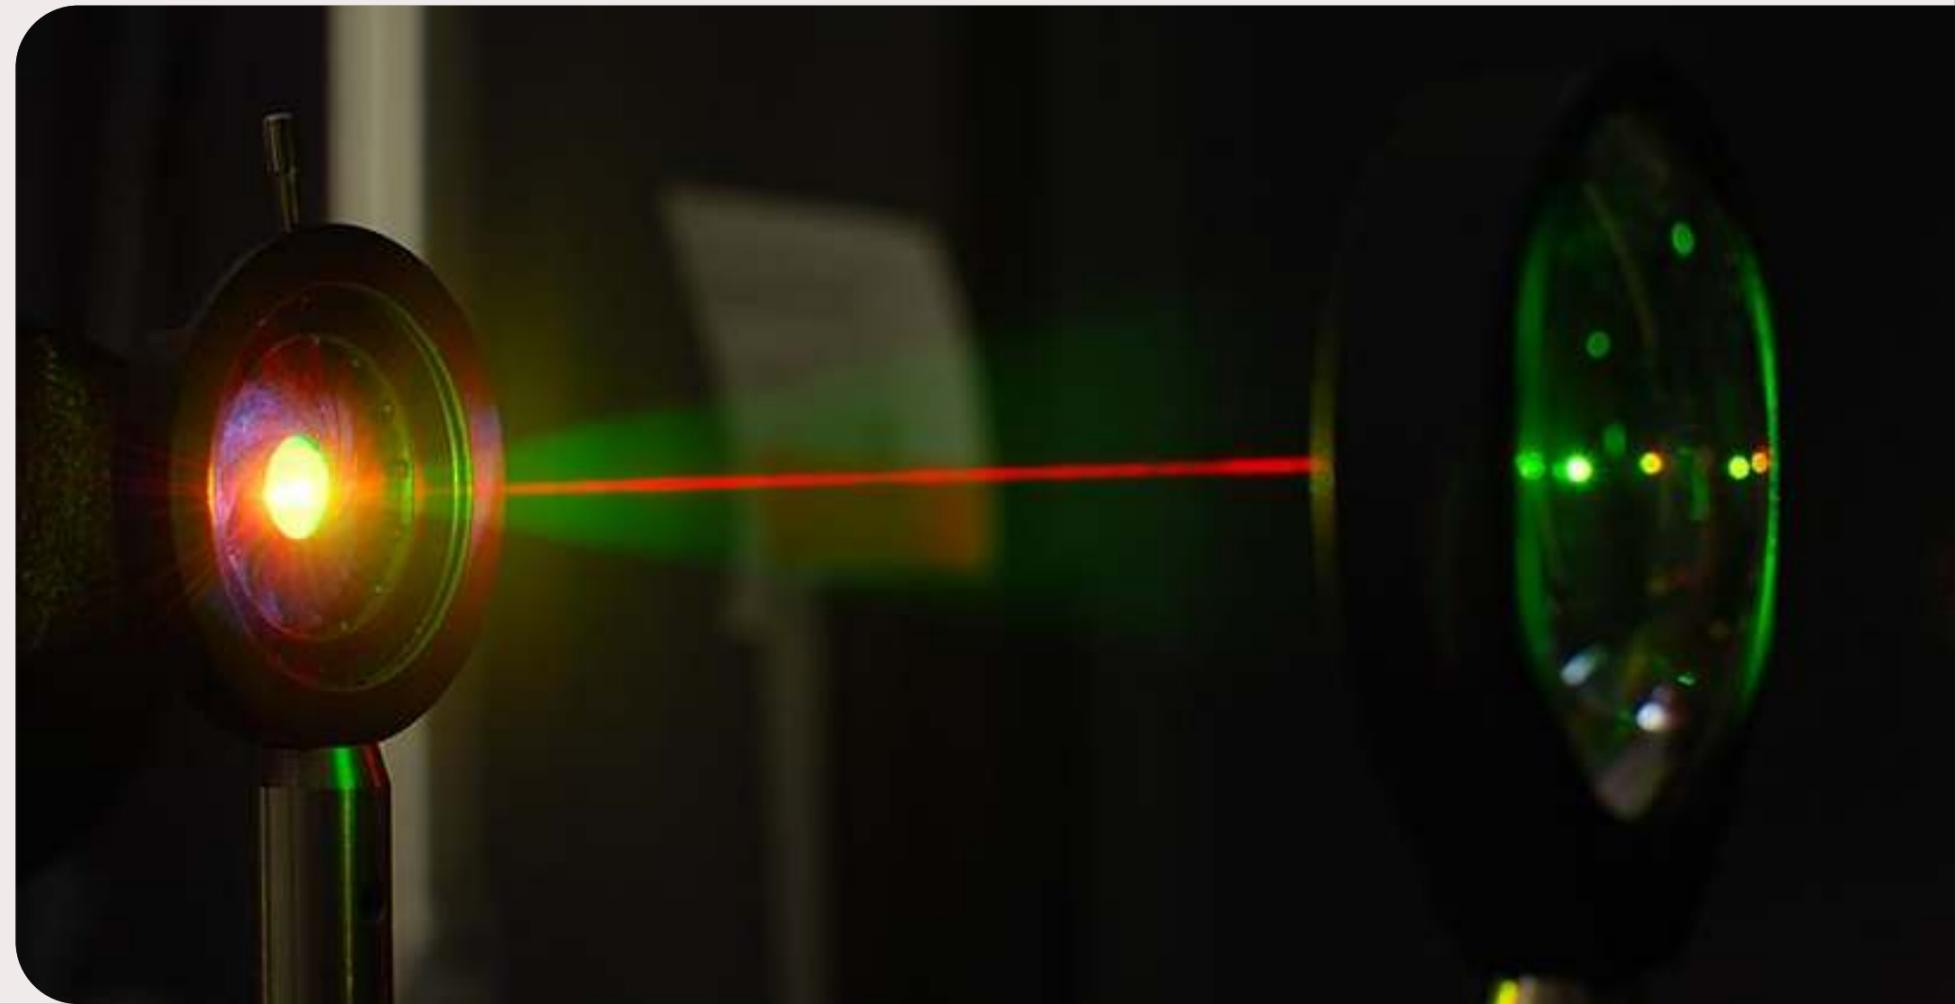

Privacy Mode

Using privacy mode, you can block the camera view & recording of a specific area of your choice to maintain privacy.

IR Lights

In areas of low illumination &/or dark places, infrared lights help to present a clear video feed even at night, increasing and enhancing the visibility of the lens to capture every detail.

View & Talk

Enables you to stay in touch with your loved ones from anywhere, meaning you can also talk while viewing the live video feed on the phone.

Alexa and Google Supported

The CP PLUS EzyKam+ also works with both Alexa & Google Home, which lets you integrate your surveillance solution with your smart home system, meaning that with a simple voice command, you can now view your camera feed live on TV or smart phone.

"Alexa, show me kid's room camera."

"showing the kid's room view."

Specification - E41A

Feature	Specifications
Image Sensor	1/2.8" 4MP CMOS sensor (0.9071cm)
Compression	H.265
Minimum Illumination	0.01 Lux
Resolution	2560 x 1440
Flip/ Mirror	Supported
IR cut filter	Supported
View mode	HD & SD
Lens	4 mm lens
Frame Rate	20fps
Pan/Tilt Angle	Tilt 71°, Pan 355°
View Angle	(D) : 101.6°/(H): 85.5°/(V): 46°
Stream	Dual Stream
Audio Communication	Two Way Audio
Audio Input	Supported (Built-in Mic)
Audio Output	Supported (Speaker)
Audio Compression	G711
Audio Compression algorithm	u-law algorithm
Audio Compression Rate	57% (uLaw)
Ethernet Port	Supported
Recording Method	Event Recording/ Continuous Recording
Antenna	Built-in PCB antenna
Antenna gain	2~3db
Protocol	TCP/IP

Feature	Specifications
Wireless standard	IEEE 802.11b/g/n
Wireless Frequency	2.4~2.4835GHz
Wireless Security	WEP & WPA
Work with Alexa	Supported
Work with Google Assistant	Supported
IR distance	IR LEDs up to 15 meters
IR LED	6
Smart Phone	IOS & Android
Storage mode	SD card (up to 128GB)
Motion Detection	Supported
Configurable Region	Supported
Motion Tracking	Supported
Notification method	Mobile push
Private mode	Supported
Human body Detection	Supported
Reset Button	Supported
Working temperature	-10°C- 50°C
Power Supply	5V 1A
Power consumption	5W
Body Material	ABS+PC
Dimensions	77 x 77 x 107 mm
Weight	195g

Applications
